100 EXHIBITORS
1,000 PARTICIPANTS

Uniting the industry like never before

Each year, **Xplor** becomes a meeting place for some 100 exhibitors and over 1,000 participants. Investors, mineral exploration and production companies, prospectors, goods and services providers... everyone comes together to develop Quebec's mining industry on a faster, larger scale.

This event is much more than a trade show. It's also the perfect place for meetings and business development. It is well-known for its excellent networking activities and high-quality conference program. As a partner, you are allowing your company to become an invaluable contributor to the development of the mining industry. It's also a unique opportunity to stand out and have targeted visibility among key stakeholders in the industry.

4 DAYS OF WORKSHOPS AND CONFERENCES

EVENT ORGANIZER

The Quebec Mineral Exploration Association (QMEA) is a non-profit organization that represents those involved in Quebec's mining exploration industry.

The QMEA was created in 1975 to promote sustainable and responsible exploration of Quebec's mineral resources, and their vital contribution to the economy. Today, it includes more than 1,200 individual members and 200 corporate members of Quebec's mining industry.
